

Findings from this questionnaire will be used to determine the best approach for improving and beautifying the downtown area and used by the volunteer Community Beautification Group to determine priority projects. This survey is sponsored by the City of Donald as a part of an effort to develop a Community Beautification Plan. Information gathered will be compiled with other questionnaire responses and reported to the City Council and will be available on the City's website. Each resident (not limited to one per household) is welcome to complete a questionnaire. We appreciate your participation. Thank you!
