

DBG Meeting Notes
September 27, 2021

Meeting Attendees: Heidi, Mayor, and Gerry

- Park Dedication: This was postponed one more time until this spring. Hopefully Covid will be more under control.
- Fire Hydrant Project: The question came up if trademarks were OK and Heidi said that our City Attorney has approved Using trade marked designs. Should we be questioned, we will just repaint them. Looking on the internet, there are many pictures of hydrants painted with trademarked designs.
- Butteville and Main Street: We are ready to go on this corner. I asked about the lights which are in need of repair, but Connie was not in attendance so we don't know if Bear has been contacted to see if they would help us. We need to review this project in more depth at our next meeting as we have run into some obstacles.
- Clean Up Day Report: We haven't heard any feedback from Loren's Sanitation as of this meeting. We will need to watch the budget to see what we were charged. We did bring in quite a few donations and had a successful day.
- Main Street Program: I, Councilor Alisha and Krista Fogelson all signed up and attended this event by way of zoom.
- Woodburn Chamber: was not discussed.
- Holiday Event: We are starting to think about what we should so that will be Covid friendly. We have \$150 budgeted for this Event.
- Next meeting is set for October 18, 2021, at 6:30 on Zoom.

Hope to see you all there!!!

Gerry Waller, Secretary
