Hi Neighbors,

The City of Donald would like to hear your feedback about the Donald Development Code.

## What is a Development Code?

Unique to each city, a Development Code is a document which implements a city's Comprehensive Plan. A Development Code contains lists of land uses allowed to be developed in each zone district, as well as development standards such as lot sizes, setbacks, height limits, required infrastructure, parking, landscaping, etc. The Development code also identifies the different types of land use actions that property owners can apply for, with procedural steps and decision criteria for each application type.

## Questions:

1. Have you ever referenced the Donald Development Code (either in paper or on the City's website)?

---

---

---

2. If no, you have never referenced the Donald Development Code, are there any topics you would like to know more about through City Newsletter articles?

---

---

---

3. If yes, you have referenced the Donald Development Code, what information were you seeking? Examples: Fences, setbacks, sidewalks, dividing land, building a house, starting a new business, home occupations, signs, etc.

---

---

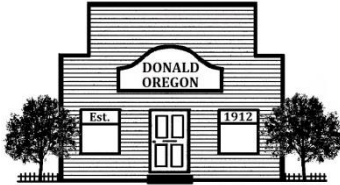

---

4. For residents: Can you identify any ways the City could revise the Development Code to better support a pleasant, safe, healthy community?

---

---

---
